

Automotive  
Materials  
Stewardship

## Maintain reliable collection of your used antifreeze, oil containers and oil filters.

Sign up with Automotive Materials Stewardship  
(AMS) to keep your current collection service!

Garages, service centers and industrial sites across Ontario that want to **maintain regular pickup service** for used antifreeze, oil containers and oil filters need to register their location.

AMS has a business partnership with your haulers to pay for the management of these materials and registration of your location is required to prepare for regulatory changes that take effect **October 1, 2021**.

Keep your collection service moving by signing up with AMS...

# Register your location with AMS in three easy steps to maintain uninterrupted collection services...

1. Go to: <https://werecycle.amspro.ca/>
2. Provide information about your location and a contact name
3. Accept the terms and conditions
